

Umidigi Bison X10 PRO Smartphone

Tough and rugged the Bison X10 PRO is built for harsh environments.

The 6.53" large full screen makes the phone easy to use and the Helio P60 Octa-Core Processor ensures fast and reliable operation. The 6150 mAh Battery ensures long operation without the need to re-charge frequently. All this and the additional features of the Bison X10 PRO makes it the perfect choice for the rigours of health care and is built to take a beating.
